

**Behavioral Health Response and Rescue Project  
American Rescue Plan Act  
County Supplemental SABG Funding  
Proposed Core Metrics**

The California Department of Health Care Services (DHCS) is implementing the Behavioral Health Response and Rescue Project (BHRRP) to increase access to behavioral health care for all Californians. BHRRP is funded through supplemental awards to the Substance Abuse Prevention and Treatment Block Grant (SABG) and the Community Mental Health Services Block Grant (MHBG) by the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) and the American Rescue Plan Act (ARPA).

As part of BHRRP, DHCS has allocated the supplemental SABG and MHBG funding to counties to enhance and expand their behavioral health programs. The Substance Abuse and Mental Health Services Administration (SAMHSA) requires DHCS to report certain data on expenditures and services provided under BHRRP SABG and MHBG funding, and this data must be collected and reported separately from the annual prime SABG and MHBG awards.

The proposed data report below will cover data elements for the SABG-related ARPA supplement. DHCS will request that counties only report on expenditures, populations and services that have been directly funded by the ARPA supplement. If any of the data elements below are not available, DHCS requests that counties estimate this information to the best of their ability.

Please note that this document is a preview of the reporting forms that counties will use to submit data for SABG ARPA activities in the online BHRRP portal.
